

## Technical Data Sheet

Name AGRESTIC

### Physical and Chemical Properties

	Specifications
Density (g/ml) 20°C	1.118 - 1.138
Density (g/ml) 25°C	
Refractive Index (20°C)	1.44 - 1.46
Specific Gravity (20°C)	1.12 - 1.14
Flash Point	> 93°C / 200°F

### Organoleptic Control

Colour	Brown-yellow to dark brown
Aspect	Liquid
Odour	Conform

### Comments

Observations	Slight color changes may occur over time.
Storage	Best stored in sealed containers in dry, well ventilated areas between 46-80°F (8-25°C) protected from heat and sunlight.
Expiration	Date of expiration is 12 months after manufacturing date. After expiration date or if storage conditions were inadequate, the material should be reinspected before use.

#### Notes:

After expiration date or in situations where the product may not have been handled or stored properly, the customer should evaluate the product for conformity with specifications and suitability for intended use.
